About Seth M. R. Jaipuria School, Rasra

An academic institute should stand for dreams, building of character & skills, and defining a person's life. At Jaipuria, we understand that the years that a student spends with us would 'shape or break' that individual, so there is great power and greater responsibility in the hands of the school. The purpose of **Seth M. R. Jaipuria School, Rasra** is to prepare a new generation of responsible social leaders that will help the world at large, be proactive to meet the global challenges of the 21st century and surpass the realms of the ordinary. The entire value system of the school is driven around innovation, creativity and entrepreneurship. The underlying context is always such that there should be the desire for excellence, zeal to go beyond the regular, and provide for growth and development of individuals and societies in the coming future. We welcome you to experience this magnificence in your city, Rasra!

Message From The Chairman

I have always believed that there is a leader in every child; and that every child has a right to realize what is in her or him. If we have to make future leaders then schools are the places to help each child to discover their inner potential, acquire leadership skills and to get equipped with knowledge and capabilities. I wanted to build a school with a difference. Seth M. R. Jaipuria School was a dream realized through the efforts of educational professionals from Jaipuria Schools and HLS India. I have brought both the leading institutions on board as my idea is to build one of the best academically and psychologically sensitive school of India in our culturally rich state of Uttar Pradesh. With world-class facilities and state-of-the art infrastructure.

We aim to provide every student an unburdened childhood, replete with positive learning experiences that enhance their creative and technical skills. The role of parents cannot be overemphasized and our Team at Seth M. R. Jaipuria School is committed to partnering with parents to raise the next generation of leaders.

Entrusting your child to us, is promising the child a class of committed teachers and joyful learning. I invite you to visit our campus and interact with the school community to discover the spirit of our school and make an informed decision about your child's future.

Shri Kameshwar Nath Singh (Academician)

Message From The Principal

Global Education
with an Indian Soul

Message From The Principal Advisor

“An Investment in knowledge pays the best interest” Benjamin Franklin

The primary focus of school education has shifted on; 'Processing information' rather than on 'collecting information'; on 'acquiring skills' more than on 'acquiring knowledge'; on managing self as a leader as well as a team player; on being physically fit; on being socially responsible and on being globally aware.

The school owes responsibility of shaping the lives of students and enabling them with more lucrative career options today as it is the only institution where they spend the most impressionable 14 years of their lives. We at SETH M. R. JAIPURIA SCHOOL, RASRA realize this mammoth responsibility and are fully geared up in terms of a comprehensive curriculum & effective pedagogy; updated technology and state of the art infrastructure; vibrant community-school interface and continuous international exposure, to deliver the same.

At school each student is an asset therefore, we offer a broad curriculum and a range of opportunities for all our students to achieve excellence in academic, creative, social, cultural, sporting and community endeavours. We value collaborative learning, positive relationship and building capacity amongst our students to effectively allow them to engage in the world of future where problem solving, evaluating, working in teams, communicating, creating and innovating are not only valued concepts, but expected skills, attributes and capabilities.

A plethora of our sports activities prepare our students to use failures as stepping stones to success, Academics remains the backbone under able & continuously trained faculty.

Always ready to work in a highly competitive environment, I am a self -motivated, energetic and a professional Individual with an undaunted zeal, love and passion for children and their development and invite you all to be a companion in my pursuit of excellence.

Shri Ranjit Singh
Principal

40+ Activities

I am groomed I am performing

I am taking learning to a new high at Jaipuria. Pinnacle and Crescendo, our inter - Jaipuria sports and cultural meets, help me perform on a bigger stage. Together, me and my friends, we wait for these two big events.

I am part of a family

We strongly believe that whatever a child learns at school is a lot more than academic subjects or school activities. Children are learning about themselves, and about their peers. They are learning about their capabilities, they are learning what it is they have to offer to the world, and they are learning to look up and beyond who they are currently are, to who they can and should become. And this is what we have imbibed in our school song, which is sung at school every day. Our school song is very clear – we are committing to treading the way to camaraderie, giving wings to thoughts, ideas and actions, to being responsible, to carving a niche whilst being humble, to freedom and truth, to doing our best and to making a difference in the world. The melody and words mesmerize and help carry the mission and vision of Jaipurians to the world!

We are the Jaipurians

We have wings, we can fly

Look at the world in the eye

We have a heart that is kind

And a wise open mind

We have hope, we have love

We can rise, up above

Make us strong at the core

Make us ready to explore

Make us worthy of it all

So we may rise, when we fall

We are the Game Changers

We are the Trailblazers

We are the Go-Getters

We are the Wave-Riders

We are the Jaipurians

May we be the change we seek

Give a hand to the weak

Be the friends, our friends deserve

Stand for values, we preserve

Strong in body and in mind

Leave a legacy behind

We are the Game Changers

We are the Trailblazers

We are the Go-getters

We are the Wave-Riders

We are the Jaipurians

We are the Jaipurians

We are the Jaipurians

And we are the best.

I am equipped I am achieving
